

# MODERN WASTE SYSTEMS

*The Yellow Truck Guys!*

COLLECTION DAY INFORMATION

## Cart Placement

Modern Waste has a few tips for properly placing your cart on collection day. Following these instructions will help ensure your cart is emptied completely and the lid closes after dumping.

### PARK IT.

- Carts should be placed the night before your collection day.
- Carts should be placed within 3 feet of the street.

### POINT IT.

- Carts should face forward.
- Wheels and handles should be placed away from the street.

### SPACE IT.

- Cart should have a minimum of 2 feet of clearance on both sides. Please do not place any closer than 2 feet to poles, mailboxes or recycling containers.
- Cart should be unobstructed (no vehicles parked in front of the cart).

We wish to thank you for doing your part to protect our environment. Your efforts truly do make a difference! Please follow these guidelines when gathering and preparing your materials for curbside recycling.

# ACCEPTABLE MATERIAL GUIDELINES
